Date: February 1, 2010**

Amendment No. 6

(This amendment clarifies a preference for public streets in Downtown.)

1 In the attachment, on page 18, strike the third paragraph and substitute:

2

3 “This Plan seeks to create a Downtown Columbia served by a connected street network
4 that would offer more route choices, disperse traffic over a wider network, provide more
5 capacity and result in shorter, more direct trips with less delay. This network will consist
6 of existing streets, new streets in new alignments, and the transformation of the mall
7 inner and outer ring roads and selected surface parking lot drive aisles into genuine
8 streets. The Plan envisions that the new streets will be predominately public.”
